Development Manager
EIM Solutions Pvt Ltd

11/2020 - Present   *Bengaluru, IN.*

Roles and Responsibilities

- Currently involved in developing Workflow applications for clients who are using SAP. This is a plug n play type application and based on customer requirements it can be integrated with any of the other SCH products.
- Managing a team of 4+ in other UI and REST API developments involved in developing flexy forms, permissions concepts.
- Designed, implemented and monitored web pages, plugins and functionality for continuous improvement.
- Designed, developed and implemented software applications for website based on analyzed requirements and understanding of industry technical standards.

Developer
EIM Solutions Pvt Ltd

05/2020 - 10/2020   *Bengaluru, IN.*

Roles and Responsibilities

- Involved in multiple product development projects such as SCH Field Service, SCH Customers, SCH Supplier Portal, SCH Vendor Portal, EIMS Job Portal, EIMS Learning Management System, New EIMS Website, EIMS Intranet Portal etc. as a UI developer.
- Developed many applications and pages with mobile first approach using angular material and bootstrap frameworks.
- Also learnt Node JS, MongoDB, Express with the intention of becoming a full stack developer.

Associate Developer
EIM Solutions Pvt Ltd

05/2019 - 04/2020   *Bengaluru, IN.*

Roles and Responsibilities

- Developed multiple analytical dashboards and reports UI using angular and based on data captured from various sensors and input screens installed at the manufacturing plants.
- This project was a part of EIM Solution's own product called SCH-Manufacturing, which helps an organization to track their day to day production activity and improve their overall equipment efficiency (OEE) with or without the integration of SAP.
- OLAM International and Healthium Medtech were some of the customers at that time.

Developer Trainee
EIM Solutions Pvt Ltd

03/2018 - 04/2019   *Bengaluru, IN.*

Roles and Responsibilities

- After working for 2 years in the mechanical industry, I joined this organization as a fresher and got trained on the basics of web development technologies such as HTML, CSS, Javascript and Angular. Also learnt database concepts during this training period.
- Played a major role in developing UI components for projects under SCH, a product of EIM Solutions based on SAP.

INTERESTS

- Apart from being a web developer, I enjoy most of my time being outdoors. Exploring new places on motorcycles with a group of riders, trying out new food, exploring different cultures.
- When forced indoors, I follow a number of sci-fi and fantasy genre movies and television shows, I give importance to fitness and I spend a large amount of my free time exploring the latest technology advancements in the web development world.
